The *Journal for Research in Mathematics Education (JRME)*, an official journal of the National Council of Teachers of Mathematics (NCTM), is devoted to the interests of teachers of mathematics and mathematics education at all levels—preschool through adult. *JRME* is a forum for disciplined inquiry into the teaching and learning of mathematics. The editors encourage the submission of a variety of manuscripts: reports of research, including experiments, case studies, surveys, philosophical studies, and historical studies; articles about research, including literature reviews and theoretical analyses; brief reports of research; critiques of articles and books; and brief commentaries on research issues. Each volume’s index is in the November issue. *JRME* is indexed in *Contents Pages in Education, Current Index to Journals in Education, Education Index, Psychological Abstracts, Social Sciences Citation Index*, and *MathEduc*.

*JRME* (ISSN 0021-8251) is published online five times a year (January, March, May, July, and November) by the NCTM, 1906 Association Drive, Reston, VA 20191-1502. Subscription information is available online at [http://www.nctm.org/membership](http://www.nctm.org/membership). Send editorial correspondence to [jrme@nctm.org](mailto:jrme@nctm.org). For other correspondence, contact NCTM by telephone: (800) 235-7566 or (703) 620-9840; fax: (703) 476-2970; or email: [nctm@nctm.org](mailto:nctm@nctm.org).
